Let me tell you son I like that car  
In that thing a man could go far  
Listen here son I can make that deal  
I can put you in them wheels

**Sixty payments that's a fact  
Sixty months of breaking my back  
This here car is what I want  
Finally a car that's not a dump  
And she's mine, mine all mine, mine all mine**

Looked for this car for many a year  
Everything I want and it's all right here  
'68 Camino is the car for me  
It's got everything, everything indeed

**Sixty payments that's a fact  
Sixty months of breaking my back  
This here car is what I want  
Finally a car that's not a piece of junk  
And she's mine, mine all mine, mine all mine**

## LEAD

Chrome wheels, sits real low  
Big block Chevy, now she's ready to go  
Four on the floor and scooped out hood  
I'll be the envy of the neighborhood

**Sixty payments that's a fact  
Sixty months of breaking my back  
Daddy wants, Daddy gets  
Momma says nuthin' she's worried 'bout the rent  
'Cause she's mine, mine all mine, mine all mine  
MINE ALL MINE!**
